Summary of project status 16.01.18

Project Name	Main Recipient	Project description	Comment	Lead Contractor	Total Cost	Grant (£)
LGF 1/2					· <i>'</i>	
Sydney Road Bridge (Crewe)	Cheshire East Council	Replacement of the bridge at Sydney Road with a new bridge which take two lanes of traffic, plus a pedestrian path. The new bridge will reduce congestion in the area.	Significant progress made in last month. Looking at delivery options to ensure that the Cable works are still carried out in April even if the main works aren't signed off by then. Planning permission decision due on new compound site in February.	Network Rail and J Murphy & Sons	10,497,000	5,850,000
Crewe Green Roundabout	Cheshire East Council	Redesign of the existing roundabout to increase capacity and reduce congestion at this pinchpoint.	Meet the contractor event due wc 14th January. Start on site 29th January.	Balfour Beatty	7,423,000	3,300,000
Chester Central (Northgate and Bus Interchange)	Cheshire West and Chester Council	The project is to create a new Bus Interchange. The old bus station site will then be freed up to form part of the £380m Northgate development which will see new retail and leisure opportunities developed.	Focus of project is on land site assembly	Contractor not yet appointed for Northgate	21,000,000	13,500,000
Birchwood Pinch point	Warrington Borough Council	The scheme relates to improving access to Birchwood Park. It includes: A partial signalisation of the "dumb-bell" roundabout at the Oakwood Gate junction of Birchwood Way/Birchwood Park Avenue A bus only link connecting the Birchwood Way/Faraday Street junction with Ordnance Avenue The replacement of the Moss Gate roundabout with a higher capacity junction to eliminate traffic congestion, accessibility and road safety problems			3,620,000	2,140,000
GM & Cheshire Life Science Investment Programme	Catapult Ventures	£31m Life sciences Investment Fund.	Fund now invested £7.1m into 16 companies. Not likely to achieve all original outputs and want to renegotiate	Catapult	31,982,000	10,000,000
Reaseheath Agri Tech Centre	Reaseheath College	The National Centre for Agri-tech and advanced engineering will provide general teaching areas, workshop space, specialised facilities for robotics, tractor simulation, GPS and the most advanced agricultural engineering machines associated with precision farming, meeting current and future skills needs. In addition the project will introduce robotics to the college farm and livestock management improving animal welfare, farm productivity and reducing environmental impacts.	On site and going well	Engineering Extension - Novaplus Ltd. Agritech - Pochin Construction Ltd.	7,000,000	2,475,000
		The replacement of temporary residential units (180 beds) with a new 200 bed purposed built facility that will provide accommodation for approximately 320 students meeting increased demand. Addressing significant condition issues in		Learning Hub - Novaplus Ltd. Accommodation - Pochin Construction		
Reaseheath Learning Hub and Accommodation	Reaseheath College	central scientific laboratory Hub	On site and going well	Lts	9,980,000	3,556,000
Reaseheath Employer Focused Hub	Reaseheath College	Construction of new lecture theatres, teaching and break out study areas of approximately 500m2 connecting the existing HE centre with the centre point building and refurbishment of the existing building approximately 337 m2	On site. Claim received which will mean 90% of the LGF grant has been paid. 10% held back until completion	John Turner Construction Group Ltd.	2,045,000	675,000
Reaseheath Sports Science and Performance Academy	Reaseheath College	The construction of new sports facilities to deliver all year round sports provision, wider range of activities, sports science and performance laboratories, increasing recruitment and delivering higher level skills to all sports and public service learners. It will provide essential recreational facilities for 1200 residential students and the local community. The new facilities to include a sports hall a new MUGA pitch and a new 3G pitch to Sports England specifications.		Sports pitches - Blakedown Sport & Play Ltd. Sports Hall - Pochin Construction Ltd.		2,170,000
		The project is to refurbish an existing building to create an energy demonstrator. The aim of the Demonstrator is to provide a flexible platform (with office and laboratory space) for research and development, focusing on testing new and emerging technologies across all aspects of energy systems and smart grids. The initial objective is to concentrate research on emerging energy storage	Project complete. 17 staff now employed, 3/4 offices occupied. Looking to fit our floor 1 this year. Still looking

Examples includes, cycleways and greenways. Poynton Relief Road is a proposed 3km single carriageway road scheme to the west of Poynton with the primary aims of relieving village centre congestion and regenerating the north of the borough. To deliver a highway scheme which functions as a proper By-Pass to deliver the traffic solution for Middlewich and all the Council's requirements A new 3.5 mile road for Congleton to reduce congestion and support town centre regeneration. The Congleton Link Road would join the A534 Sandbach Road (to West of Congleton) with the A536 Macclesfield Road (to the North of the town).	Work ongoing to shape call process. Energy Strategy being finalised. Call process to be developed thereafter Submissions have been received from each of the Local authorities which will be assessed over the coming weeks before being considered by the Local Transport Board for endorsement. Issues with scheme costs which are now £19m above original budget. Impacting on CPO process. Works progressing through preliminary design phase and towards submission of planning application in April'18. Tenders due back end of January. Gateway review completed and very positive about project management Ground investigation works started, Consultation completed, design work continuing.
